

GOOD NEWS

NEW VOTING EQUIPMENT IS COMING!!

The State of Michigan is bringing new voting equipment to the voters in Michigan communities through the use of federal grants and state and local funding.

Grosse Ile Township will be receiving this new technology this summer and will be preparing staff, election inspectors and the general public to implement it for use at the November 7, 2017 Local Election.

This new equipment will enhance security, accuracy and provide a paper trail of every election.

Stay tuned for more information on this website throughout the upcoming months.
