

2012 IslandFest

Dear Prospective Food Vendor,

The Grosse Ile Festival Commission is accepting applications for food vendors for the IslandFest to be held on Friday, Saturday, and Sunday, June 1, June 2, and June 3, 2012.

To assist the Festival Commission with the vendor selection process, we are requiring all prospective food vendors to complete the enclosed vendor application. The Festival Commission and Grosse Ile Township reserve the right to make the final decision on who will be allowed to participate.

Once again, the IslandFest will be held at the historic Grosse Ile Airport on the southern end of the island. This location will benefit the food vendors by attracting the public to one major venue featuring a variety of fabulous events and services.

If you are interested, please indicate your needs for electricity and water. Due to a limited power source, you are encouraged to provide your own diesel generator.

If you decide to participate in IslandFest, the Festival Commission will require a copy of your liability insurance in the amount of one million dollars with Grosse Ile Township and Grosse Ile Airport named as additionally insured.

If you have questions or require further information about the festival, please call (734) 675-2364.

We appreciate your interest in the Grosse Ile IslandFest.

Sincerely,

Tim Rooney
Recreation Director
