## **Township of Grosse Ile News Release**

**November 13, 2020  
4:00 P.M.**

Wayne County Department of Public Services informed Township Officials that Engineering Consultants had conducted a recent underwater inspection of the piers supporting the Grosse Ile Parkway Bridge over the Trenton Channel. Severe erosion was discovered. The bridge has been closed to public traffic since May 2020 for a planned maintenance project and at no time were local travelers at risk.

The underwater erosion of the piers must be repaired before the bridge can be reopened. The Wayne County Department of Public Services is working with their Engineering Consultants on a timeline for completion of pier repairs. At this time, Wayne County anticipates the Grosse Ile Parkway Bridge will remain closed until Fall 2021.

Township Officials will continue to monitor the situation.
